Art Unit: 1745

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 32 and 34 are rejected under 35 U.S.C. 103(a) as being unpatentable over Taruya *et al.* (JP 2000-294,256), for reasons of record applied to original claims 1 and 21.

Claims 1, 3-11, 13-31 and 33 are allowed. These claims were either indicated as allowable in the first office action (11/19/2003), have been amended to distinguish from Taruya *et al.* or to remove previously noted informalities, or are newly added and dependent on claims which are considered allowable.

Applicant's arguments filed 1/09/04 have been fully considered but they are not persuasive.

Applicants argue that the separator of claim 32 is hot-rolled, while that of Taruya *et al.* is cold-rolled. Taruya *et al.* disclose a hot-rolling step in the process of making their separator. See sections 0055 and 0056.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1745

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
